Dear Madame/Sir,

Global Bridge is a nonprofit organization based in Lewiston, ME that is working internationally to connect students and teachers – by increasing both global awareness and cross-cultural understanding in the classrooms. Through establishing letter exchanges with partner schools in both the United States and abroad, students involved are able to share experiences, ask questions and connect with students from many different countries! Our forums act as a place for students to post questions and relay experiences so that a new global community is formed. In addition to the student connection, Global Bridge has a forum for teachers from different countries to share classroom material. Consequently, teachers from our partner schools would be able to exchange ideas and resources. Global Bridge is also working to bring cross-cultural learning experiences into local schools so that children from all different areas can connect, learn together and bridge gaps between communities!

We would love to partner with your school/organization to achieve this goal. Please accept this letter as our formal invitation to engage in a collaborative exchange with Global Bridge.

Please feel free to contact us with any question or comments, using the contact information provided below!

Sincerely,

Lauren Pluchino &
Emmanuel Drabo
